## GENERAL INFORMATION

### **SCHOOL HOURS:**

Regular school hours are 8:15 AM to 2:30 PM

Early dismissal hours are 8:15 AM to 12:30 PM

Two hour delay hours are 10:15 AM to 2:30 PM

### **ATTENDANCE PROCEDURES:**

If your child will be absent or late, please notify the main office by 8:00 AM. A late arrival is anything past 8:40 AM. If we do not hear from you and your child is not in attendance, our receptionist or alert system will contact you to confirm their absence.

Students must be signed in and out with the School Receptionist when arriving late and/or leaving early. Written and/or verbal confirmation is required if someone other than a parent or guardian is picking up the child from school. We will not allow the child to leave school grounds without this approval, prior notification and photo identification.

### **VISITORS & PARKING:**

All visitors, including parents, must enter the school via the Main Entrance (A1) only. For the safety of our students, ALL visitors are required to sign in at the Main reception area and wear a visitor badge while in the building.

**District Case Managers** - The program is open for observation by the district at any time. We respectfully request advance notice of visits so that we can best accommodate and support the observation.

**Nursing Agencies/Outside Consultants** – In an effort to ensure that there is minimal disruption in the educational process, advanced notice of the visit, one (1) day prior, must be provided. The Administrative Assistant is responsible for coordinating all visitors.

**Work Based Learning Experiences** – All WBLs are extensions of the classroom and function as active teaching and learning experiences. Please DO NOT VISIT these WBLs during instructional hours. In addition, please DO NOT approach our job sites independently for the purpose of obtaining paid and/or unpaid employment for your child.

**Field Trips** - For the safety and security of our students and staff, we ask that families do not attend field trips unless specifically invited. Kingsway provides many opportunities throughout the year for family engagement. If a field trip were to include parent participation, families will be notified in advance and will be required to submit the appropriate paperwork, pending approval.

### **LEGAL PARENTAL CUSTODY:**

Any parent/guardian with a unique custody or guardianship arrangement must provide the school with current court-issued documentation regarding custody, guardianship, or parental rights. This includes orders of sole legal custody, restraining orders, or kinship legal guardianship agreements. It is essential that staff be made aware of any situation limiting

parental contact. Kingsway will take necessary steps to ensure that the child is released only to proper or authorized persons. Failure to provide current legal documentation may limit the school's ability to enforce restrictions on custody or contact.

## **STUDENT TRANSPORTATION:**

Students are transported to Kingsway Learning Center by their home school district. Kingsway does not contract for any transportation. District Transportation Coordinator or the Transportation Contractor is responsible for providing specifics relevant to a pickup and drop off time. Any transportation questions or issues should be directed to your school district.

## **PARENTS PROVIDING TRANSPORTATION:**

Parents who are providing daily transportation for their child, in lieu of district provided transportation, will be permitted to do so with the agreement of their Home District. Parents may drop off and pick up at the Main Front Entrance (A1) but are not permitted to drop students off prior to 8:10 am.

Parents transporting students on an occasional basis, please use the Main Front Entrance (A1) and walk your child into the building. Students must be dropped off at the Main Office and sign-in/sign-out procedures must be followed.

If your child is typically transported by the District, but is not going home on their bus on any given day, please notify the school in advance and provide the name of the person(s), if other than a Parent/Guardian. Please include who will be picking up your child, as well as the time of the pick-up. They will be required to show appropriate identification and sign out.

★ **REMINDER:** Parents are responsible for contacting the transportation company when a student will not be riding the bus to or from school.

## **EMERGENCY PARENT PICK UP:**

Kingsway does not transport students from school to their home in the event of an emergency or if a parent/guardian/emergency contact is not available. If a student requires pick-up, Kingsway will first contact the parent(s)/guardian(s).

- Two attempts will be made to reach parent(s)/guardian(s) before contacting emergency contacts.
- Attempts will be made to known emergency contacts.
  - If emergency contacts are also unavailable, local police may be contacted to assist with transportation after all options have been exhausted and attempted.
- Kingsway will not approve the use of Uber, Lyft, or any similar service to transport students by themselves or with their PDN (if applicable) or Kingsway staff members. Students over 18 who are their own legal guardian may access these services if the parent arranges a ride-share.

- If a parent needs support in arranging transportation through other means, we are happy to assist, just let us know.

### **STUDENT BREAKFAST/LUNCH:**

All students have the option to purchase lunch at school or bring a packed lunch from home. A menu is published monthly, accessible on our website and sent home as a paper copy.

Parents of students who qualify for free and reduced breakfast/lunch will be notified and options will be provided to them if they accept. Please note that families are required to complete the necessary paperwork each school year in order to remain eligible.

Students may also have the opportunity to purchase lunch while in the community during scheduled trips and/or Structured Learning Experiences.

### **LOST AND FOUND:**

Kingsway's Lost and Found is overseen by the Older Elementary program and is accessible to view on our website at <https://www.kingswaylearningcenter.org>, select "For Parents" then select [KLC Lost and Found](#). ### **PROGRESS REPORTS:**

Progress Reports are issued at the end of Extended School Year (ESY) and three times annually at the end of each trimester.

### **IEP MEETINGS:**

Kingsway's certificated team prepares a collaborative report about your child's current academic and functional levels and draft goals and objectives. Additionally, the student's team shares recommendations and any proposed program changes to the families prior to sharing the draft IEP. Draft IEPs are sent to the parents and District Case Manager for review prior to the scheduled meeting. At the meeting, these reports and draft goals and objectives are discussed, amended as needed and agreed upon to serve as the foundation for the students Individualized Education Plan (IEP) for the next school year. All students age 14 and over are encouraged to participate in the development of their IEP and Annual Review meeting, as appropriate.

### **STANDARDIZED TESTING:**

The Dynamic Learning Maps (DLM) alternate assessment will take place in accordance with the New Jersey Department of Education schedule and in accordance with student IEPs. For those students whose IEPs reflect participation in Statewide assessment, it will be implemented according to the following requirements: Students in grades 3-8 and grade 11 will be assessed in English/Language Arts and Math also grades 5, 8 and 11 in Science.

## **RELATED SERVICE DELIVERY:**

All direct related services will be delivered during the first three weeks of every month at the frequencies, duration and location outlined in each student's IEP. One week per month is an 'Collaboration week' week at which time services could include but are not limited to: classroom observation, additional or make-up of individual sessions, small group therapy, collaboration with and training of staff who work directly with the student, individual student evaluation and assessment, and development of classroom accommodations (i.e. trial with new equipment, classroom tools, language aids, etc.)

## **COMMUNICATION:**

Kingsway Learning Center prides itself in our ongoing efforts to communicate openly and often with parents. **Your child's teacher should be your primary point of contact with the team and the school generally. Families should not communicate with paraprofessionals regarding programming.** Our teachers are empowered to solve the majority of student specific issues and have the responsibility to keep other members of the team informed. For questions better answered by someone else on the team, they will have someone connect with you as soon as possible.

Kingsway's policy is to answer all communications as soon as possible but at least within 24 hours during school hours. We also ask for your understanding in advance that teachers and therapists have limited opportunities during the school day to return calls.

- **A note about communication** - At Kingsway, we value strong partnerships between home and school. To support a positive learning environment for all students, we ask that communication between parents/guardians and staff remain respectful at all times. We are committed to listening, collaborating, and working together in the best interest of students, and we expect all interactions, whether in person, by phone, or in writing, to reflect courtesy and professionalism. **Threatening, aggressive, or inappropriate language will not be tolerated.**

For any questions or concerns that are more sensitive or confidential, please do not hesitate to contact the Principal or Assistant Principal directly either by phone or email.

## **HOME AND SCHOOL ASSOCIATION:**

Parents are encouraged to participate in the Home and School Association! This group supports students and staff through its fundraising efforts while bringing the Kingsway community together. If you are interested in joining or helping HSA, please contact the Principal.

## **EMERGENCY SCHOOL CLOSINGS & DELAYED OPENING PROCEDURES:**

In the event of an emergency and/or inclement weather, Kingsway will use the School Messenger Alert System to notify families, districts and bus companies. In addition, please refer to KYW News Radio (1060) or local television channels 3, 6, and 10 for our emergency closing information. The information will also be displayed on our Facebook page.

In the event of bad weather or other emergencies occurring after school is open, the following procedures will be utilized:

A. Districts, bus companies and families will be notified. If a parent cannot be reached, emergency contacts will be called.

*\*No student will be permitted to board a bus unless a responsible adult such as a parent or guardian, designated relative or neighbor, representative of the local sending school district, or representative of the local police department has been contacted.*

B. Bus drivers will follow the emergency procedures of your district.

C. Emergency evacuation procedures are in place with the Township of Voorhees.

### **SCHOOL MESSENGER ALERT SYSTEM:**

School Messenger Alert for Schools is an essential tool for notification and communication. Kingsway will notify parents and staff of any emergencies, schedule changes due to weather or other important information. The instant alert system provides you with important information in a single clear message by telephone. If there is a change in Parent or Guardian contact information, please communicate the change to Kingsway's Student Information Coordinator or update through Kingsway's PowerSchool SIS.

### **SAFETY/SECURITY DRILLS:**

NJ State Law 18A:41-1 states that every school shall have at least one fire drill and one school security drill each month.

Fire drills will be conducted at least one (1) time per month. Security drills will be conducted at least one (1) time per month. Parents are notified after each drill occurs or in the event of an actual emergency, by Kingsway's email system.

our staff can provide prompt and appropriate care when needed. Required plans include:

- i. Asthma: Asthma Treatment Plan
- ii. Allergy: Allergy and Anaphylaxis Action Plan
- iii. Diabetes: Diabetes Medical Management Plan
- iv. Seizure: Seizure Action Plan

These plans are designed to provide comprehensive support for students with ongoing medical needs and help ensure their safety while at school. Parents/guardians are responsible for submitting updated plans whenever changes occur or at the start of each school year.

Students with casts, immobilizers, or crutches must be reported to the nursing department prior to the student returning to school.

- A physician's note must be sent to the nurse with the diagnosis.
- A note of clearance from the prescribing physician is required if a time frame is not included in the original excuse. This is necessary in order for your student to resume activities/ therapies that were restricted by the prescribing physician.
- Please notify the nursing department of any hospitalizations or emergency room/urgent care visits for your child throughout the school year.
  - The nursing department will require a physician's clearance note for students to return safely to school. Please ensure that any restrictions are listed on the physician's note.

#### 5. INJURY OR ILLNESS AT SCHOOL

Emergency care is limited to first aid procedures. If further care is needed, you and/or your child's doctor will be contacted. If this is not possible, transport to the hospital will be via 911 system.

A note from a parent/guardian is required for all absences of three or more consecutive school days. Absence due to any contagious illness requires a doctor's note, stating the diagnosis, for return to school. Cumulative five (5) day absences will be communicated with the student's sending district.

#### 6. PROTOCOL FOR STUDENTS WITH SEIZURE DISORDERS WITHOUT RESCUE MEDICATION ORDERS

Students with a documented seizure disorder but who do not have a physician ordered rescue medication to be dispensed during the school day by the school nurse shall be permitted to attend class trips without nursing services. In the event of seizure activity during that trip, the student will be placed in a safe environment, seizure activity will be monitored and the school nurse will be phoned. 911 will be called for prolonged

seizure activity. Seizure protocols will be implemented based on a student's Individualized Healthcare Plan (IHP.) The parents will then be notified immediately.

Students may not share, post, or distribute images, audio, or video taken at school or during school events without school authorization.

Using devices to access, record, or share another student's information violates school policy and may also violate FERPA and state privacy laws. Any recording that violates the confidentiality, dignity, or safety of others is strictly prohibited.

Kingsway understands that many families may use personal monitoring devices to support safety, independence, and monitoring of their child. Families must provide

written communication to inform the school when a monitoring device is being worn. These devices may not be used to record or listen to classroom activities due to protecting the confidentiality of others.

### **AMERICAN DISABILITIES ACT**

Kingsway Learning Center affirms that no person shall, solely by reason of their disability, be excluded from the participation in, be denied of benefits, or be subjected to discrimination under any program or activity conducted by Kingsway Learning Center.

Kingsway Learning Center recognizes that the term “disability” means:

1. Any person with a physical or mental impairment, which substantially limits that person from participating in her/his academic program;
2. Any person with a record of such impairment; or
3. Any person regarded as having such an impairment.

The term “disability” also includes any person diagnosed as disabled or any person with a communicable disease, temporary disabling conditions, or any medical problem, which excludes that person from participating in school programs.

Kingsway Learning Center is committed to the fair and equitable treatment of all persons with a disability.

To assure non-discrimination, Kingsway Learning Center is hereby establishing a Section 504 and American Disabilities Act Grievance Procedure, which is available in all facilities. All questions and concerns should be addressed to the Principal.

### **SECTION 504 AND THE AMERICAN DISABILITIES ACT GRIEVANCE PROCEDURE**

Kingsway Learning Center expects students to conduct themselves with respect for the rights and welfare of other students, for school personnel and for the care of school facilities and equipment. Kingsway prohibits all forms of harassment, intimidation or bullying, whether on school property, at a school-sponsored function or that otherwise interferes with the educational environment. Kingsway policies on student conduct, harassment, intimidation and bullying and a policy on workplace harassment in general, are available for review.

5. I will not bring anything illegal to school. **Meaning:**

  - No drugs, alcohol or cigarettes.

Kingsway believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students.

Kingsway expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment.

Kingsway believes that standards of student behavior must be set cooperatively by the students, parents/guardians, staff and community, in an effort to create an atmosphere that encourages students to grow in self-awareness and self-management. Such an atmosphere must include respect for self and others, as well as for Kingsway and the communities in which we live.

Students are instructed to learn to assume and accept responsibility for their own behavior, and for the consequences of their behavior. Staff members who interact with students shall use positive behavioral supports and place emphasis on the students' ability to grow in self-awareness. Kingsway trains all staff on Universal Behavior Strategies, which are the foundation for positive, supportive interactions, as well as the basis for determining when a student requires a more individualized Behavior Support Plan.

Should a student's behavior pose a threat of imminent, serious physical harm to self and/or others, therapeutic restraint may be implemented. Therapeutic restraint may only be utilized by school staff members trained in the Safety Care Model and only after all positive supports have been exhausted.

If therapeutic restraint is implemented as a result of a student's significant behavior, the student will be checked by the school nurse immediately following the restraint, and the parent/guardian will be contacted by the end of the school day.

The Program Team shall maintain and distribute a student code of conduct that states the expectation that every student will demonstrate behaviors that reflect that code. In situations where students present with behavior that does not reflect the guidelines established by that code, the Program Team will respond in a way that recognizes the developmental levels of the student(s) involved and the specific facts of any given behavioral incident. Provisions shall be made for providing those guidelines to parents/guardians whose primary language is other than English.

The regulations shall require:

- A. That students conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority; and
- B. Establish and maintain an appropriate degree of order necessary to the educational program in which students are engaged.

Regardless of where the behavior occurs (i.e., on or off campus), a student whose presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, may be suspended or expelled, following due process in consultation with the District Case Manager.

### Assault

Any student who commits an assault (as defined by N.J.S.A. 2C:12-1) upon a board member, teacher, administrator or other employee of Kingsway may be suspended from school according to procedural due process, and suspension or expulsion

proceedings shall begin no later than 30 calendar days from the date of the student's suspension.

### Substance Abuse

In accordance with NJ state law, penalties shall be assigned for use, possession and distribution of prescribed substances and drug paraphernalia. The penalties shall be graded according to the severity of the offense. Infractions shall be reported to the local law enforcement agency. Confidentiality shall be protected in accordance with federal and state law.

### Weapons Offenses

Any student who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found knowingly in possession of a firearm on any school property or at a school-sponsored function shall be immediately removed from Kingsway's program for a period of time to be determined.

The Principal shall be responsible for the removal of such students and shall immediately report them to the Chief Executive Officer and the sending district case manager.

Teaching staff members and other employees of Kingsway having authority over students shall take such lawful means as may be necessary to control the disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this board.

## **HARASSMENT, INTIMIDATION, OR BULLYING**

### 1. PROHIBITING HIB:

In accordance with N.J.S.A. 18A:37-15(b)(1), this policy prohibits acts of harassment, intimidation or bullying. A safe and civil school environment is necessary for students to learn and achieve. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate students in a safe environment.

Since students learn by example, school administrators, staff and volunteers are required to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

### 2. DEFINITION:

"HIB" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, N.J.S.A. 18A:37-15(b)(2) and N.J.S.A. 18A:37-15.3, whether it be a single incident or a series of incidents, that is:

- A. Reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender,

- sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or
- B. By any other distinguishing characteristic; and that
  - C. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in *N.J.S.A. 18A:37-15.3*, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
  - D. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; or
  - E. Has the effect of insulting or demeaning any student or group of students; or
  - F. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Kingsway recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance.

### 3. STUDENT BEHAVIOR:

Kingsway Learning Center expects students to conduct themselves in keeping with their individual levels of development, maturity and demonstrated capabilities with a proper regard for the rights and welfare of other students and staff, the educational purpose underlying all school activities, and the care of school facilities and equipment consistent with the student code of ethics.

Kingsway believes that standards for student behavior must be set cooperatively through interaction among students, parents/guardians, staff and community members, producing an atmosphere that encourages students to grow in self-awareness. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff and community members.

Kingsway believes that the best behavioral management is self-imposed, and that it is the responsibility of staff to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent behavioral problems from occurring and encourage students' abilities to grow in self-management.

Kingsway's code of conduct reflects the developmental levels of Kingsway's students, in conjunction with its mission. The policy requires all students to adhere to the rules and regulations as established and to submit to such disciplinary measures as are appropriately assigned for infraction of these rules.

Kingsway Learning Center shall provide annually to students and their parents/guardians these rules and this policy will be included in Kingsway's Operating Procedures, and on Kingsway's website. Provisions will be made, when appropriate, for informing parents/guardians whose primary language is other than English.

Kingsway's policy shall, as appropriate:

- A. Describe student responsibilities, including the expectation for students to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authorities; and respond to those who hold that authority.
- B. Address appropriate recognition for positive reinforcement of good conduct, self-discipline and good citizenship;
- C. Explain student rights; and
- D. Identify appropriate sanctions and due process for violations of the code of student conduct.

#### 4. CONSEQUENCES AND APPROPRIATE REMEDIAL ACTIONS:

The Board of Directors requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation or bullying, consistent with the student code of conduct and the consequences and remedial responses for staff members who commit one or more acts of HIB, consistent with the code of student conduct, and the consequences and remedial responses for staff members who commit one or more acts of HIB.

All other members of the school community, including students, parents, volunteers and visitors, are encouraged to report any act that may be in violation of this policy. A written report must be submitted to the school principal within two days of the verbal report. The written report shall be completed on the HIB 228 Form and submitted to the principal. The HIB 338 Form shall be kept on file at the school but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The principal is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. When providing notification to the parents of all students involved, the principal shall take into account the circumstances of the incident when conveying the nature of the incident, including the actual or perceived category motivating the alleged offense. Formal action for violations of the code of student conduct may not be taken solely on the basis of an anonymous report.

A member of a board of education or a school employee who promptly reports an incident of HIB and who makes this report in compliance with the procedures in the district's policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal shall promptly submit a copy of each completed official form to the chief school administrator.

The principal or the principal's designee is responsible for determining whether an alleged act constitutes a violation of this policy. In doing so, the principal or the principal's designee shall conduct a prompt, thorough and complete investigation of the alleged incident.

Written records of this investigation will be kept by the principal or the principal's designee.

#### 7. RESPONDING TO HIB:

Some acts of harassment, intimidation or bullying may be isolated incidents requiring that Kingsway respond appropriately to the individuals committing the acts. Other acts may be so serious or part of a larger pattern of HIB that they will require a response either at the classroom, school level or by law enforcement officials.

Consequences and appropriate remedial actions for students who commit an act of HIB may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under *N.J.S.A. 18A:37-1*, Discipline of Pupils and as set forth in *N.J.A.C. 6A:16-7.2*, Short-term suspensions, *N.J.A.C. 6A:16-7.3*, Long-Term Suspensions and *N.J.A.C. 6A:16-7.5*, Expulsions.

Institutional (i.e., classroom, school building) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based HIB prevention of program models, to training for staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions and to the involvement of law enforcement officers.

This policy and the code of student conduct shall apply to instances when a school employee is made aware of alleged HIB occurring off school grounds.

## 8. REPRISAL AND RETALIATION:

Kingsway Learning Center prohibits engaging in reprisal, retaliation or false accusation against a victim, witness, or any other person who has reliable information about an act of HIB or who reports an act of HIB.
